

Villa di Geggiano

## THE STORY OF THE VILLA

Villa di Geggiano has been the family home and winery of the Bianchi family since 1527.

Originally built in the 14th century, the Villa's gardens and 18<sup>th</sup>-century decorations have been sympathetically renovated and restored and It has now been declared a National Heritage site of outstanding beauty.

Adorned with century-old cypresses, potted lemon plants and topiary hedging, the Villa's garden boasts a unique 'Green Theatre' equipped with two masonry proscenium arches in late Baroque style embellished with statues. It also features a vegetable garden and a terraced fish-tank from which one can take in a wonderful view of the countryside opening out towards Siena and the enchanting hills of Chianti Classico, a region world-famous for its wines, natural beauty and rich history.

The Villa di Geggiano vineyards are located in the municipality of Castelnuovo Berardenga at an altitude ranging from 300 to 350 metres. The average age of the vines is about twelve years, but some Sangiovese plants have been preserved for over twenty-five years.

The recently renovated vinification cellar is equipped exclusively with stainless steel vats, and the ageing cellar has natural moisture content and temperature ideal for maturation. Casks and barrels of French oak are used for the maturing process producing around 40,000 bottles of fine wine each year.

The Villa has been bringing its superb wines to the UK since 1725 when Niccolò Bandinelli, who had been producing wine in the cellars of the Villa, started exporting to Great Britain. Today the production of top quality wines is assured, thanks to our adherence to the principles of organic farming and traditional wine making techniques, combined with the careful selection of grapes.
